

Section 1: Information

Product Name	Black Liquid Electrical Tape; 1/Clam, 5 Clams/Master		
Product Code(s)	71002, LTB-400		
Recommended Usage	Not Available		
Manufacturer/Distributor	Power Products LLC (dba Gardner Bender)		
Address	N85 W12545 Westbrook Crossing		
	Menomonee Falls, WI 53051		
Website	www.powerprodllc.com		
Telephone Number	1-800-624-4320		
EMERGENCY Telephone Number	Chemtrec: (24/7) 800-424-9300 Or International 703-527-3887		

Section 2: Hazard Identification

Label elements			
OSHA HCS 2012	None		
Hazard statements	The mixture does not meet the criteria for		
	classification.		
Precautionary statements			
Prevention	Observe good industrial hygiene practices.		
Response	Wash hands after handling.		
Storage/Disposal	Store away from incompatible materials. Dispose		
	of waste and residues in accordance with local		
	authority requirements.		
Other hazards			
OSHA HCS 2012	None known.		

Section 3 - Composition/Information on Ingredients

Mixtures				
Hazardous Components				
The manufacturer lists no ingredients as hazardous according to OSHA 29 CFR 1910.1200.				
*Designates that a specific chemical identity and/or percentage of composition has been withheld as a				
trade secret.				

MARINCO ProMariner BLUE SEA

Section 4: First-Aid Measures

	Descriptions of First Aid Measures				
Inhalation	Inhalation If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist.				
Skin	Skin Rinse skin with water/shower. Get medical attention if irritation develops and persists.				
Еуе	Direct contact with eyes may cause temporary irritation. Rinse with water. Get medical attention if irritation develops and persists.				
Ingestion	Rinse mouth. If ingestion of a large amount does occur, call a poison control center immediately.				

Section 5: Fire-Fighting Measures

Extinguishing Media					
Suitable Extinguishing Media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).					
Unsuitable Extinguishing Media	Do not use water jet as an extinguisher, as this will spread the fire.				

Special hazards arising from the substance or mixture				
Specific hazards arising from the During fire, gases hazardous to health may be formed.				
chemical				

Advice for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.		
Firefighting equipment/instructions	Move containers from fire area if you can do so without risk.		
Specific methods	Use standard firefighting procedures and consider the hazards		
	of other involved materials.		
General fire hazards	No unusual fire or explosion hazards noted.		

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures								
Precaution		Keep un	Keep unnecessary personnel away. For personal protection, see section					
		8 of the	8 of the SDS.					
Large Spills		Large Spills: Stop the flow of material, if this is without risk. Dike the						
		spilled material, where this is possible. Cover with plastic sheet to						
		prevent spreading. Absorb in vermiculite, dry sand or earth and place						
		into containers. Following product recovery, flush area with water.						
		Never return spills to original containers for re-use. For waste disposal,						
		see section 13 of the SDS.						
Small Spills		Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean						
GB MARINCO	MASTERVOLT	SPERRY INSTRUMENTS	ANCOR	ParkPower	MARINCO opower products	ProMariner ⁻	BLUE SEA	

	surface thoroughly to remove residual contamination. Never return spills to original containers for re-use. For waste disposal,
	see section 13 of the SDS.
Environmental Precautions	Avoid discharge into drains, water courses or onto the ground.

Section 7 - Handling and Storage

Conditions for safe storage, including any incompatibilities				
StorageStore in original tightly closed container. Store away from				
incompatible materials (see Section 10 of the SDS).				
Precautions for safe handlingUse care in handling/storage.				

Section 8 - Exposure Controls/Personal Protection

Exposure controls						
Engineering	Good general ventilation (typically 10 air changes per hour)					
Measures/Controls	should be used. Ventilation rates should be matched to					
	conditions. If applicable, use process enclosures, local exhaust					
	ventilation, or other engineering controls to maintain airborne					
	levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an					
	acceptable level.					
Personal Protective Equipment						
Respiratory	No personal respiratory protective equipment normally required.					
Eye/Face	Not normally needed.					
Hands	Not normally needed.					
Footwear (specify)	Not normally needed.					
Thermal Hazards	Wear appropriate thermal protective clothing, when necessary.					
General hygiene considerations	Always observe good personal hygiene measures, such as					
	washing after handling the material and before eating, drinking,					
	and/or smoking. Routinely wash work clothing and protective					
	equipment to remove contaminants.					

Section 9 - Physical and Chemical Properties

Information on Physical and Chemical Properties				
Appearance (physical state,	Liquid	Upper/lower flammability or	NDA	
color, etc.)		explosive limits	NDA	
Odor	NDA	Vapor Density	NDA	
Odor Threshold	NDA	Specific Gravity	NDA	
рН	NDA	Relative Density	NDA	

ANCOR

Melting Point/	NDA	Solubility in Water	NDA
Freezing Point	NDA		
Volatiles by Wt. (%):	-266.41	VOC (regulatory)	0 lbs/gal
Flammability (solid, gas)	NDA	Partition coefficient: n-octanol/water	NDA
Evaporation Rate	NDA	Auto-ignition temperature	NDA
Viscosity	NDA	Decomposition temperature	NDA

Section 10: Stability and Reactivity

Reactivity	The product is stable and non-reactive under normal conditions	
	of use, storage and transport.	
Chemical Stability	Material is stable under normal conditions.	
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.	
Conditions to avoid	Contact with incompatible materials.	
Incompatible materials	Strong oxidizing agents.	
Hazardous decomposition products	cts No hazardous decomposition products are known.	

Section 11 - Toxicological Information

Potential Health Effects			
Inhalation (Acute -	No adverse effects due to inhalation are expected.		
Immediate)			
Skin (Acute – Immediate)	No adverse effects due to skin contact are expected.		
Skin (Chronic – Delayed)	Prolonged skin contact may cause temporary irritation.		
Eye (Acute – Immediate)	Direct contact with eyes may cause temporary irritation.		
Ingestion (Acute –	Expected to be a low ingestion hazard.		
Immediate)			

Section 12 - Ecological Information

Toxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.	
Persistence and	No data is available on the degradability of this product.	
degradability		
Bioaccumulative potential	No data available.	
Mobility in Soil	No data available.	
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.	

Section 13 - Disposal Considerations

Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste	
	disposal site.	
Local disposal regulations	Dispose in accordance with all applicable regulations.	
Hazardous waste code	The waste code should be assigned in discussion between the user,	
	the producer and the waste disposal company.	
Waste from residues / unused	Dispose of in accordance with local regulations. Empty containers or	
products	liners may retain some product residues. This material and its	
	container must be disposed of in a safe manner (see: Disposal	
	instructions).	
Contaminated packaging	Since emptied containers may retain product residue, follow label	
	warnings even after container is emptied. Empty containers should	
	be taken to an approved waste handling site for recycling or	
	disposal.	

Section 14 - Transport Information

	14.1	14.2	14.3	14.4	14.5
	UN	UN Proper Shipping	Transport	Packing	Environmental
	Number	Name	Hazard Class(es)	Group	Hazards
DOT	UN1139	Coating Solution 3	N/A	II	N/A
TDG				II	
IMO/IMDG	UN1139	Coating Solution 3	N/A	II	N/A
IATA/ICAO*	UN1139	Coating Solution 3	N/A	II	N/A

*Passenger and Cargo Aircraft & Cargo Aircraft ONLY - Forbidden

Special precautions for user	Read safety instructions, SDS and	
	emergency procedures before	
	handling.	
Transport in bulk according to Annex II of MARPOL 73/78	Not established.	
and the IBC Code
